

# Basic Course in Ornithology (BCO-100)

What's that Bird? Want to find out? Then join the Basic Course in Ornithology a yearlong online course offered by BNHS. An easy introduction to the pursuit of birding for those with little or no previous experience. So if the feathered bipeds fascinate you and you want to learn more about them but don't know where to start due to your busy schedule? Then here is a unique learning opportunity with online and face to face activities interwoven through the course work. The course provides learner with flexibility to complete their study at home at their own pace and time that suits them. Having a science background is not essential, anyone with an interest to learn about birds and its conservation are eligible to apply. On successful completion students will receive a certificate. Also as the name suggests, the course will develop basic skills required for Ornithologist among the students.

**Admission open for July 2015 batch. Register Now!!**

Fee  
Rs 9990/-

**See what previous learners have said about the course**

"It is a perfect course which give complete insight on bird study. In depth online course material and rich experienced resource persons on field trips actually helped me to understand all areas related to ornithology. Online assignments such as - study research papers, sharing news, creative projects, sharing photographs help me to explore ornithology and to create awareness about it in true sense. Thanks BNHS-CEC !!!" -- Jayesh Shevade
